

America, One Nation Under V
By Greg Rangel

“Whatever we once were, we're no longer a Christian nation. At least not just. We are also a Jewish nation, a Muslim nation, and a Buddhist nation, and a Hindu nation, and a nation of nonbelievers...Somehow, somewhere along the way, faith stopped being used to bring us together and started being used to drive us apart. It got hijacked. Part of it's because of the so-called leaders of the Christian Right, who've been all too eager to exploit what divides us.” – Senator Obama June 2007

Unfortunately it is true what Senator Obama stated. The United States is no longer a Christian nation, at least not as before. A shift from godly principles to what it is today has occurred. But unfortunately this shift did not occur from one day to the other. I believe that the enemies of our God were and are too smart for that. This shift occurred little by little, one step at a time. The United States was once a full on Christian nation. But it is very obvious that the laws that are being passed today go against the moral values that this nation once stood for. As stated before, what would the Founding Fathers say if they were to see what America is today, and the laws that are being passed, or the leaders that are in office?

So that we may never forget that God was involved when this country was founded, and also that our Founding Fathers were Christian believers, and those that followed as well, let us see some of the songs of the past, and also view some of the individual State Preambles: “O beautiful for spacious skies, For amber waves of grain, For purple mountain majesties Above the fruited plain! America! America! God shed his grace on thee And crown thy good with brotherhood From sea to shining sea!” The State of California Preamble reads: “We, the People of the State of California, grateful to Almighty God for our freedom, in order to secure and perpetuate its blessings, do establish this Constitution.” The State of Texas Preamble reads: “Humbly invoking the blessing of Almighty God, the people of the State of Texas do ordain and establish this Constitution.” The State of Florida Preamble reads: “We, the people of the State of Florida, being grateful to Almighty God for our constitutional liberty, in order to secure its benefits, perfect our government, insure domestic tranquility, maintain public order, and guarantee equal civil and political rights to all, do ordain and establish this constitution.” And the State of Washington Preamble reads: “We, the people of the State of Washington, grateful to the Supreme Ruler of the Universe for our liberties, do ordain this Constitution.” And the list continues.

If the Founding Fathers and leaders of the past believed in God and allowed this nation to trust in God, why should the leaders of today do the same? Something has definitely gone wrong. America is no longer as much as a Christian nation as it was in the past and worst, it is becoming a totally pagan nation.
